

The indirect assessment consists of two parts: (1) opinions expressed about the program by PhD recipients in the exit survey for 2010 – 2011, and (2) a list of the current occupations of all students of whom we are aware who received a PhD in our program. In most cases the current occupations are self reported to the Graduate Alumni Office. The evidence shows that our PhD students are generally well satisfied with their educational experience at the time of their graduation, and go on to pursue careers in meaningful occupations after they leave Tufts.

1. Six PhD recipients expressed opinions about our program in the Graduate Exit Survey for 2010 – 2011 conducted by the Tufts Office of Institutional Research and Evaluation. Most expressed general satisfaction with all aspects of the program. The average rating for the faculty was 4.5 on a scale of 5. The responses to the question of whether they would again enroll in our program were: 4 – probably, 1 – probably not, and 1 – definitely not.

2. Current occupations of students who received a PhD at Tufts

Doctoral degree received Aug 2009 or earlier:

Teacher/Consultant
Professor of Physics
Program Director
Director
Engineer/Sen. Designer
Department Head
Scientist
Senior Department Engineer
Business Admin President
Professor
Physicist
Head of the Science Department
Professor of Physics
Professor
Research Physicist
Instructor
Doctor
Professor of Physics
Director of Research Lab
Physicist
President
Program Manager
Associate Professor
Professor
President and CEO
Physicist
Professor of Physics
Assistant Professor
Physicist
Physicist
Assistant Professor
Science Editor
Fire Protection Engineer
Professor
Founder, CEO
Associate Professor
Vice President
Professor of Physics
Radiation Oncology Physicist
Foundation Manager
Anesthesiologist
Physicist.

Senior Functional Analyst
Instructor
Research Engineer
Research Physicist
Professor of Physics
Research Associate
Software Designer
Senior Lecturer
Professor of Physics
Vice President
Physicist
Research Scientist
Unspecified employment
Assistant Professor of Physics
Postdoctoral Associate
Assistant Professor of Physics
Lecturer
Research Associate
Software Engineer
Postdoctoral Associate
Senior Engineer
Lecturer
Research Program Manager
Postdoctoral Associate
Postdoctoral Associate
Full time mother

Doctoral degree received Nov 2009 or later

Postdoctoral Associate
No employment reported
Postdoctoral Associate
