

JOINT TUFTS/MIT COSMOLOGY SEMINAR

Primordial Black Holes in the Era of Gravitational Wave Astronomy

Antonio Riotto
University of Geneva

We will discuss how and what we can learn about the physics of primordial black holes in the era of gravitational wave cosmology started with the detection of gravitational waves by the LIGO/Virgo collaboration.

Tuesday, November 30, 2021, 2:30 pm

Zoom link will be distributed to joint cosmology seminar mailing list. If not subscribed see <https://cosmos.phy.tufts.edu/mailman/listinfo/cosmology-seminar>
