

JOINT TUFTS/MIT  
COSMOLOGY SEMINAR

---

*Primordial magnetic fields  
from electroweak symmetry  
breaking.*

Tanmay Vachaspati  
Arizona State

I will discuss spectral properties of magnetic fields generated during electroweak symmetry breaking and related topics.

Tuesday, December 3, 2024, 2:30 pm

574 Boston Ave, Room 402

Tufts University

Refreshments at 2:00 outside room 304
