

JOINT TUFTS/MIT
COSMOLOGY SEMINAR

*Primordial magnetic fields
from electroweak symmetry
breaking.*

Tanmay Vachaspati
Arizona State

I will discuss spectral properties of magnetic fields generated during electroweak symmetry breaking and related topics.

Tuesday, December 3, 2024, 2:30 pm

574 Boston Ave, Room 402

Tufts University

Refreshments at 2:00 outside room 304
